

U.S. Department of State  
Bureau of Overseas Building Operations  
**Overview**

OBO Overview

# WHO WE ARE

OBO direct the overseas building program for the U.S. Department of State and other Agency personnel serving abroad as foreign service diplomats.

With the support of Congress and other Department Bureaus, OBO sets worldwide priorities for the design, construction, operation, maintenance, and disposal of overseas property.

Jakarta

# OUR MISSION

To provide safe, secure and functional facilities that represent the U.S. Government to the host nation and support out foreign staff in the achievement of U.S. foreign policy objectives.

The facilities should represent American values and the best in American architecture, design, engineering, technology, sustainability, art, culture and construction execution.
